## TO BUY THE BEST SEWING MACHINE IN THE WORLD AT COST PRICE OR LESS

**This is why!** We have decided to close out every Sewing Machine in our stock. We haven't a nook or corner in our store to show them. We have enlarged other departments, so Machines must go.

### STOP AND THINK WHAT IT MEANS

The Standard Rotary Sewing Machine, acknowledged by the largest sewing schools in this country to be the best, fastest, easiest running, simplest to operate of any machine in the world. Besides it is recommended by the New York Health Journal as being the best made from a hygienic point of view.

### THIS IS THE MACHINE AT COST OR LESS

The Standard Rotary has a set of the best attachments put into any machine, runs 75 per cent lighter than other machines and makes 175 stitches while others make only 100. Makes both the two-thread lock stitch and one-thread chain stitch. There are 38 other reasons why the Standard Rotary is best, but the best of all is you can now get them at practically what they cost us.

### HERE ARE THE PRICES:

Standard Grand, listed at \$60.00. Our former price, \$45.00. **Closing Price, \$35.00**

Standard No. 8 Auto Lift, listed at \$50. Our former price, \$40. **Closing Price, \$29.00**

Standard No. 8 Hand Lift, listed at \$50. Our former price, \$38. **Closing Price, \$29.00**

Standard No. 2 Box Top, listed at \$40. Our former price, \$32. **Closing Price, \$25.00**

The mechanism in all the Machines quoted is identically the same. The difference in cases makes the difference in price. First comers have the choice of quartered oak, weathered oak and mahogany cases.

### EVERY MACHINE SHOULD BE SOLD BEFORE NEXT SATURDAY NIGHT.

It was a different second team which Goddard seminary went up against at the university of Vermont in Burlington Saturday afternoon, and the local school boys returned home defeated by the score of 17 to 0. The university team was almost entirely changed from the line-up of the team which Goddard defeated in this city earlier in the season.

Judge Taylor of the county court, Saturday, granted an order for an amendment to the injunction restraining Angelo Diversi from selling tobacco in his pool rooms, applied for by the New England Fruit Store company, where Mr. Diversi now has the right to lease a part of his pool room for the sale of cigars and tobacco. When Mr. Diversi sold out the New England Fruit Store to Mr. Laws, he entered into a contract that he would not start any business in the city in competition with any part of the business sold. Mr. Diversi opened up his pool room and bowling alleys in the Tomasi block, and started to put in a line of cigars and tobacco. Laws then applied for an injunction on the grounds that Diversi was violating his contract, and the court granted the injunction. The court now says that Mr. Diversi cannot sell tobacco, but can rent a part of his pool room to some other party for the sale of tobacco.
